The Society for the Scientific Study of Sexuality
Western Region Conference

at Humphreys Half-Moon Inn in San Diego

SEXUALITY ACROSS CULTURES

- Explore cultures of several different continents and from different subcultures.
- The latest knowledge from the world of functional magnetic resonance imaging (fMRI).
- Explore: orgasm, love, relationships, risk, censorship, identity, politics, spirituality, media, health and healing (and a few other things).
- Go on a field trip to the Wild Animal Park to learn about research into animal relationships.
- Go to Tijuana for an unforgettable dinner.
- Learn how scholarship in arts and humanities illuminate the powerful impact culture has on sexual behavior.
- See Forbidden Images from the Nazi era and those censored by other repressive government regimes.

Register early to get in on some wonderful opportunities.

Register by the Ides of March for a substantial discount.
